

If the Whole Class Bubble Closes...

A confirmed case of COVID 19 could become apparent to the school at any time and we want to make sure that children continue to receive high quality teaching at home. On day 1, children can use the links provided (in the table below) to continue their learning at home. This will allow teachers the chance to transfer the learning sequence the children were following in class into pre-recorded lessons. When transferring to remote learning, teachers will take into account the fact that children are learning from home. Our full remote learning offer will be accessible to all children on day 2 of their self-isolation period.
