lunch – 12:20pm

01.04.26 – Easter egg hunt

02.04.26 – WOW event in
classrooms – 3pm

02.04.26 – PTFA tuck shop –
3:30pm

Important notice

Reminder: Please can you make sure that you are not using your mobile while on school property. This includes the school playground. Many thanks.

Thank you to Mrs Johnstone for organising our World Book Day activities.

Thank you to all staff who stayed to read stories at Book at Bedtime.

Thank you all parents who are supporting their children with homework and reading – keep it up!

Inspiring Learners

Yesterday, we had a fantastic time celebrating World Book Day in school. We were delighted to welcome author Robert Starling, who led a whole-school assembly before spending the day working with every class and sharing his love of stories and illustration. The children joined in the celebrations by either dressing in comfy clothes that they enjoy reading in or coming as a character from a favourite book, which created a wonderful buzz around the school. After school, many children returned for our special "Book at Bedtime" event, where they enjoyed listening to stories together while relaxing with hot chocolate and biscuits – a lovely way to end the day! Thank you to all staff who were involved with the day, as well as the PTFA for providing refreshments, a book stall and a uniform sale during the evening.

Congratulations to Green House, who earned the most house points across Terms 1–3. As a reward for their fantastic effort, they enjoyed a special treat last Friday with a range of fun activities including games, art activities and Lego. The house point totals have now been reset and the children are already working hard to earn points for their learning, demonstrating our school values and showing positive attitudes in school.

Enriching Lives

Next week, we are looking forward to celebrating STEM (Science, Technology, Engineering and Maths) Week in school. During the afternoons, the children will be developing new science skills through a range of exciting, hands-on activities. On Friday afternoon at 2:30pm, we are delighted to invite parents and carers to join us for our annual STEM Challenge. Please bring your creative problem-solving skills and plenty of enthusiasm as we work together to tackle a fun and engaging challenge.

Achieving Together

Working in partnership with parents and carers is very important to us and our recent events have provided valuable opportunities to strengthen this collaboration.

Thank you to the parents and carers who attended our recent health workshops - one with the school nurse and the other on supporting children with anxiety. These sessions were informative and offered useful information and practical advice, as well as giving parents the opportunity to meet and talk with one another.

We would also like to thank the parents of Maple Class who joined us for lunch with the children last week; it was lovely to welcome you into school and share part of the day together.

Finally, a reminder that our parents' evenings are coming up soon, which will provide a valuable opportunity to discuss your child's learning and progress with their teacher. Please book an appointment if you haven't done so already.

Thank you for your continued support.

Wishing you all a very enjoyable weekend.

Sarah Lugg

A few reminders –

- Please only park in the school carpark if you have been given permission for this by a member of the leadership team.
- Please remember that jewellery (with the exception of stud earrings) is not allowed to be worn in school for health and safety reasons.

Thank you!
